Abstract of the presentation/poster:

The abstract should be a word document written in English and should not exceed one page. Use a 12-point font (e.g. Times New Roman) and leave 1-inch (2.5-cm) margins left, right, top, and bottom. Center the title (maximum 12 words, all-caps, bold type) at the top of the page. Leave a blank line before beginning the author list, which is also centered. If several authors are from one organization, the organization needs to be typed only once. After each author or group of authors, use parentheses to enclose their affiliation - institution, city, and country. Bold and italicize the name of the presenting author. Leave a blank line after the authors and then begin the text, typing it single-spaced and justifying only the left margin. Leave one blank line between paragraphs. Do not indent paragraphs. The final review of abstracts will be completed by 1st of August 2014. The Conference Secretariat will then inform you whether your abstract and registration has been accepted or not.

A confirmation of registration and/or accepted abstracts is required for attendance of the Conference.
