School Re-opening WASH Components, Innovations, and Affirmation: Philippines

MARIA CORAZON C. DUMLAO, MD, MPH, DBHI
Bureau of Learner Support Services-School Health Division
Department of Education

June 25, 2020
School Re-opening WASH Plan

- WASH Policies
- WASH Facilities and Supplies
- WASH in Schools Online Monitoring System
- WASH Capability Building for School Leaders, Teachers and Other Stakeholders
Innovation in WASH for School Re-opening

• Adapting the WinS Program to COVID-19
  ✓ New handwashing facility designs
  ✓ Nudges intervention for handwashing practice

• Development of Capability Building for School Leaders, Teachers and other Stakeholders
  ✓ WinS webinar series
  ✓ Leading WinS MOOC
  ✓ Accelerating WinS MOOC for Divisions
National standards and national strategy on WASH schools are fundamental to ensuring WASH response to an emergency.
“On matters of health, we take our lead from the Department of Health (DOH). If the DOH has an advisory, we disseminate it immediately to our schools. WASH is part of DepEd’s curriculum, with or without a threat of an epidemic. But it needs to be given emphasis [in the context of COVID-19].”
Thank you.
