| 10.00 – 10:30| Welcome and Latest Trends in Emergency Sanitation  
*Andy Bastable, Oxfam*  
A welcome to the day and an overview of the latest major activities in emergency sanitation. |
| 10:30 – 11:15| Urban Emergency Sanitation  
*Harriette Purchas, RedR*  
Recent learning from RedR’s WASH in urban emergencies course. |
| 11:15-11:45  | The Emergency Sanitation Project  
*Angus McBride, Oxfam GB*  
An introduction and update on the activities of the Emergency Sanitation Project |
| 11:45–12.00  | Break                                                                                         |
| 12:00 – 12.45| CLTS in Emergencies Workshop  
*Frank Geaves, Tearfund*  
Exploring CLTS within the Relief-to-Development continuum |
| 12:45 – 13:45| Lunch                                                                                         |
| 13:45 – 15:00| Lime Stabilisation for Faecal Sludge Treatment in Emergencies  
*Emanuele Sozzi, Brighton University*  
Experiences from Haiti and latest research into using lime stabilisation as a quick and easy method to treat faecal waste.  
**Design of an improved bucket toilet for emergencies**  
*C4D, Cranfield University*  
The development of a ‘sit and pull’ bucket toilet for improved sanitation in urban emergencies.  
**A portable sewage treatment plant for emergency use**  
*Leigh Jones, SaniBox*  
The development of and testing of SaniBox, a portable sewage treatment plant for use in emergencies. |
| 15.00 – 15.15| Coffee                                                                                        |
| 15.15 – 16.00| Treatment of Faecal Sludge in Emergencies  
*Katie Anderson, WASTE*  
The results of WASTE’s recent field trial of different treatment methods in Malawi |
| 16.00 – 17.00| Accessibility Workshop  
Hazel Jones, WEDC  
In emergencies there are often a disproportionally high number of disabled people. How can we build latrines that accommodate their needs? |
| 17.00 – 17.30| Reflections and wrap-up                                                                         |
